

# 21,000

Selby factory loaded shotgun cartridges received by us yesterday, direct factory shipment, freshly loaded to our order.

Some people are foolish enough to tell you that we don't receive as many shotgun cartridges as we claim we do. Just watch the cartridges come in for proof.

Also remember we are on the jobber's list on loaded shotgun cartridges, and have to sell a lot of ammunition to keep on that list. We are the only jobbers in central Arizona.

## "The Good Fellowship of a Good Watch"

There is something in the good fellowship of a good watch that is always felt by the owner that is, in words, hard to define. Ask your friend, who has a good watch—a watch that keeps perfect time—how much he will take for it and he will laugh at you. It is because there is that attachment to it—that knowledge of its faithfulness that places it above its actual intrinsic value. These are the kind of watches we sell, and it is only such kind that you become attached to. From \$10 up.

DOWN FROM PRESCOTT. — Mr. and Mrs. F. P. Cruise and Vice President Drake of the S. F. & P. came down from the mountain city yesterday. Mr. Drake says that despite the rains in the mountains, it is still necessary for the railroad to haul half a million gallons of water to supply the stations and trains. Quite a lively village has been built in a night so to speak at Beardsley, where about 5000 sheep are daily being shorn. Two cars of wool have already been shipped out.

RIFLE PRACTICE. — Members from the three valley companies of militia, Phoenix, Tempe and Mesa, yesterday had a good rifle practice on the Mesa range. The contests were at 200, 600 yards, and in rapid fire and skirmish range. The object of the practice is to keep in trim for the contests at Camp Perry next summer. The scores were as follows: Signals of Tempe, 46, 49, 49, 75; total 294. Wolf of Tempe, 38, 42, 49, 14; total 134. Total for team 328. LeBaron and Johnson of Mesa scored a total of 318, as follows: LeBaron, 42, 37, 41, 45; total 165; Johnson 41, 36, 45, 36; total 158. Coggins and Grinstead of Phoenix made the highest total score of 359, as follows: Coggins 41, 41, 45, 51; total, 181; Grinstead, 37, 41, 42, 58; total 178.

TEA  
The cost of good tea is so very little: only a third of a cent a cup! a cent-and-a-half or two cents for the family breakfast!

stired, giving the capital rating of each manufacturer is also very valuable. Thomas' Register of American Manufacturers and First Hands is the standard index to the American Manufacturing Industries, for the use of buyers and others, classified so that the user is enabled to instantly find the names, addresses and ratings of all the manufacturers of or source of supply in any line desired. 2200 pages, 29,000 names, 28,000 articles and kinds of articles. It is complete. No charge is made for publishing names and addresses. It should not be confused with any advertising scheme that publishes only those who pay for insertion. It is used by the government at Washington, by the American consular service throughout the world, and by the leading manufacturers and merchants in the United States. When the manufacturers of any line are wanted, it does not pay to spend time looking through papers, or making inquiries.

FOR USE OF BUSINESS MEN. — Through the request of Secretary Cowgill who was familiar with the book, the publishers of Thomas' Register of American Manufacturers, have been induced to place a copy of the book in the board of trade room for the convenience of business men in this vicinity, the book being loaned and not given away. The book is issued annually to subscribers, this being the latest edition, and the use of it is entirely free except that when use of it the request is made that any ensuing correspondence should state the source of information. The Mercantile Agency books for the use of sellers, giving the names and ratings of all dealers, etc., are universally known and used. A Mercantile Agency book arranged for buyers, enabling the user to instantly find who manufactures anything de-

pose of preventing a recurrence of the disease at the advent of warm weather."

Bulletin Issued by San Francisco Board of Health.

San Francisco, Feb. 7.—The following bulletin was issued by the San Francisco board of health tonight: "In order that there may be a clear knowledge of sanitary conditions in San Francisco, and to correct any erroneous reports, it is hereby announced that there was only one case of bubonic plague discovered in January and no case is known to exist in San Francisco at this date. Unusual efforts are now being made for the purpose of preventing a recurrence of the disease at the advent of warm weather."

## THE FIGHTING MOORS.

They Were Defeated Twice on the Same Spot.

Paris, Feb. 7.—A dispatch from General D'Amade, the French commander at Morocco, says that the column operating on the coast had an engagement yesterday with Arabs at a point southwest of Kashbar Rebid. The French had apparently routed the enemy when the Moors returned with reinforcements and attacked the French camp a second time. The fight was a hot one but the Moors were eventually forced to retire in the direction of Setta. Five Frenchmen were wounded.

## HALF INJURED, NONE KILLED

Franklinville, Feb. 7.—Ten of twenty passengers were injured in a wreck on the Pennsylvania Railroad twenty miles south of this village today. None were killed. The train was running 25 mile an hour. A passenger coach and a Pullman were derailed.

ACCIDENT ON FRENCH CRUISER  
Paris, Feb. 7.—Admiral Filibert, commanding the French naval forces in the Moroccan waters, telegraphs that fourteen sailors were wounded, five seriously, as the result of an accident to the boiler of the cruiser Jeanne d'Arc, of Tanguier today.
